

Southwest Preparatory Learning Center

2020-2021 After School Program

We are pleased to offer students in Southwest Preparatory Learning Center our After School Program. The program is available Monday – Friday immediately after school until 5:00 PM (on school days only). The program’s main focus will be on “**academics**” via homework, and silent reading.

We must charge a nominal fee of **\$2.00** per day for each student who attends the program in order to cover all of the personnel costs. We ask that parents pay in advance for the program, so that we can create an accurate record for student attendance/participation. We understand that some students might only attend 2 or 3 days per week. We will only charge for the days that your child attends the After School Program. The program ends promptly at 5:00 PM. All parents should come into front office to pick up their student.
